

PROJECT

MOBIL.T - Mobility and Ticketing for Multimodal Transport in Lisbon

Funding: European

Duration: Nov 2018 - Jun 2021

Status: Complete

Total project cost: €20,979,190

EU contribution: €4,195,838

Objectives:

The overall objective of the Action, which is located on the Atlantic Core Network Corridor is to promote intermodal ticketing system to enable any traveller to choose and use the best transport mode available. The ticketing system should be accessible in an integrated way to any person traveling throughout the Lisbon Metropolitan Area.

Methodology:

The Action aims to deploy a new advanced central ticketing system - technological platform common to all mobility operators in the Lisbon Metropolitan Area - by harmonising different systems towards a unique, innovative and inclusive one, to incorporate technological developments and upgrades of existing systems to support mobile tickets and bank cards, and to strengthen multimodal ticketing delivery.
